At the 77th Ordinary General Meeting of Shareholders held on March 27, 2025, following a revision of compensation levels, it was approved that the total amount of monetary compensation to be paid for the grant of restricted stock under the Plan shall be no more than 250 million yen per year, separate from the monetary compensation limitation, and that the number of shares to be delivered shall not exceed 900,000 shares per year.

Under the Plan, the Directors of the Company will receive the Company’s common stock to be newly issued or disposed of by the Company in exchange for in-kind contribution of all monetary compensation claim granted by the Company. The amount per share to be paid will be determined by the Board of Directors, based on the closing price of the Company’s common stock on the Tokyo

Stock Exchange on the business day preceding the date of the resolution of the Board of Directors (if the Company's shares are not traded on said date, the closing price of the most recent trading day preceding said date) to the extent that it is not excessively advantageous for the Directors of Company to be subscribers.

In addition, the Company has introduced for Executive Officers of a Company a restricted stock compensation plan comparable to the Plan for the purpose of providing the Executive Officers of the Company with incentives to continuously increase the Company's mid-to-long term corporate value and shareholder value, as well as promoting further shared value with shareholders.

In light of the above, the Company has resolved at the meeting of its Board of Directors held today to grant monetary compensation claims in a total amount of 225,500,260 yen and to deliver 158,803 shares of the Company's common stock (the "**Allocated Shares**") in exchange for in-kind contribution of such monetary compensation claims to 2 Directors and 13 Executive Officers (the "**Eligible Directors/Officers**" or the "**Eligible Director/Officer**") taking into consideration the purpose of the Plan, the business performance of the Company, the scope of the work responsibility of each Eligible Director/Officer and other circumstances.

#### <Overview of Allocation Agreement>

The Company and the Eligible Directors/Officers will respectively conclude the Allocation Agreements related to the Disposal. The overview of the Allocation Agreement is as follows.

##### (1) Restriction period

The Eligible Director/Officer may not transfer, create security interest on, or otherwise dispose of the Allocated Shares during the period from May 14, 2026 (the "**Disposal Date**") to the date when the Eligible Director/Officer retires or resigns from all of his/her posts as the Company's Director and/or Executive Officer.

##### (2) Conditions for lifting transfer restriction

On the condition that the Eligible Director/Officer continuously serves the applicable position, in the case of a Director of the Company, during the period from the date of the Ordinary General Meeting of Shareholders immediately prior to Disposal Date to the date of the Ordinary General Meeting of Shareholders to be held in the following year, and in the case of the Executive Officer of the Company, during the period from the January 1 immediately preceding the allocation date to December 31 of the same year (in each case, the "**Service Period**"), the Company will lift the transfer restriction regarding all Allocated Shares at the time of expiration of the transfer restriction period; provided, however, that, if the Eligible Director/Officer resigns or retires from his/her position as the Director or the Executive Officer of the Company during the Service Period due to death, or other reasons deemed legitimate by the Board of Directors, the Company will lift, on the

following date of such resignation or retirement, the transfer restriction regarding the Allocated Shares in a quantity obtained by multiplying the number, which is obtained by dividing the number of months from the month following the month including starting date of Service Period to the month including the date of resignation or retirement by 12 (if this number exceeds 1, then this number shall be deemed to be 1), by the number of Allocated Shares (if any fraction less than 1 share unit arises as a result of the calculation, such fraction shall be rounded down).

(3) Acquisition of Allocated Shares by the Company without compensation

The Company will acquire, as a matter of course, without any compensation the Allocated Shares, for which the transfer restriction has not been lifted as of the expiration of the restriction period. .

(4) Management of shares

During the restriction period, the Allocated Shares will be managed in a dedicated account of the restricted stocks opened by the Eligible Directors/Officers in Daiwa Securities Co. Ltd. so that the Eligible Directors/Officers cannot transfer, create security interest on, or otherwise dispose of the Allocated Shares during the restriction period.

(5) Measures to be taken upon organizational restructuring, etc.

In the event a merger agreement with the Company as the absorbed company, a share exchange agreement or share transfer plan with the Company as a wholly-owned subsidiary, or other organizational restructuring etc. are approved by the Company's general meeting of shareholders (or by the Board of Directors of the Company in case the organizational restructuring etc. does not require approval of the general meeting of shareholders) during the restriction period, the Company will lift the transfer restriction, by the resolution of the Board of Directors, immediately before the business day preceding the effective date of such organizational restructuring, etc. for the Allocated Shares in a quantity obtained by multiplying the number, which is obtained by dividing the number of months from the month following the month including starting date of Service Period to the month including the date when such organizational restructuring, etc. is approved by 12 (if this number exceeds 1, then this number shall be deemed to be 1), by the number of Allocated Shares (if any fraction less than 1 share unit arises as a result of the calculation, such fraction shall be rounded down).

3. Basis of calculation of paid-in amount and specific details thereof

The Disposal will be carried out with the monetary compensation claims, which are paid to the scheduled subscribers based on the Plan, as the contributed assets, and the amount paid per share is 1,420yen, which is the closing price of the Company's common stocks on the Tokyo Stock Exchange on April 15, 2026 (the business day preceding the date of the resolution of the Board of Directors), in order to adopt a price that excludes arbitrariness. This price is the market value immediately

preceding the date of the resolution of the Board of Directors, and is a reasonable price that properly reflects the Company's corporate value in a state where there are no special circumstances under which the foregoing price is not relied upon the most recent stock price, and does not fall within a price that is excessively advantageous for the Eligible Directors/Officers.

End.
